

**ADDENDUM NO. 2**  
to the  
**REQUEST FOR PROPOSAL**

City of Bothell  
Fire Station 42 and 45 Replacement

---

ISSUED THIS DATE: August 15, 2019

---

**TO PROSPECTIVE PROPOSERS:**

The attention of all proposers is directed to the additions and modifications described in this Addendum which shall be considered as part of the Request for Proposal (RFP). All proposers must acknowledge receipt of this Addendum. All Addendum information is posted on the City's website: <https://www.bothellwa.gov/1469/Fire-Station-Replacements-Phase-I>

**The following questions were received from proposers in accordance with the RFP and are answered as follows:**

Proposer Question: The potential temporary site for Fire Station 42 is listed in the PRC Application as the intersection of SR 522 and Bothell Way NE (gravel lot). Can you clarify which gravel lot on either side of Bothell Way NE the potential site is located?

Response: See ITEM NO. 1

Proposer Question: Within Attachment F, Exhibit C Phase 1 and 2 Scope of Work, paragraph 1.02 Phase 1 Scope, Section G: the final sentence of that paragraph reads, "Design Builder must utilize the following programs, as applicable: ". Please clarify if there are specific programs that the City of Bothell would like the DB team to utilize?

Response: No programs are identified at this time.

**ADDITIONS, MODIFICATIONS, AND/OR DELETIONS TO THE RFP**

**ITEM NO. 1 – Potential temporary facility site location:**
